## SUMER Electroless Nickel plating solutions

Kanigen is used as synonym for electroless nickel plating.  
Sumer is brand name that developed by Kanigen.

### < Line up of SUMER in Thailand >

	Pb Free		Pb Less
	4 solutions	3(4) solutions+NaOH	4 solutions
High P Excellent corrosion resistance	SE-660	SE-960 Tentative name coming soon	AS-759
Mid P Excellent brightness	SEK-670	SEK-970 Tentative name coming soon	
Features	High quality Easy control	High quality Convenience for export	High quality Easy control

- Above solutions are made in Thailand with excellent Japanese quality, good price and quick delivery !
- All solutions are adopted ELV, RoHS & WEEE good for environmental !
- Quick local support by Engineer in Japanese/English/Thai !

**Kanigen (Ni-P)  
plating**

**Kaniboron  
(Ni-P-B)  
>Anti abrasion**

**Kanihaste  
(Ni-Co-W-P)  
>Anti abrasion**

**Kanigen's electroless nickel plating  
which can cope with various needs**

**Kaniblack  
>Low reflection**

**Ceramic Kanigen  
(Ni-P/SiC)  
>High hardness**

**Kaniflon  
(Ni-P/PTFE)  
> Low friction**
