

PARKERIZING GROUP

ReVEX & CirVEX

Recycle system & Long life system for EN plating by Kanigen original technology

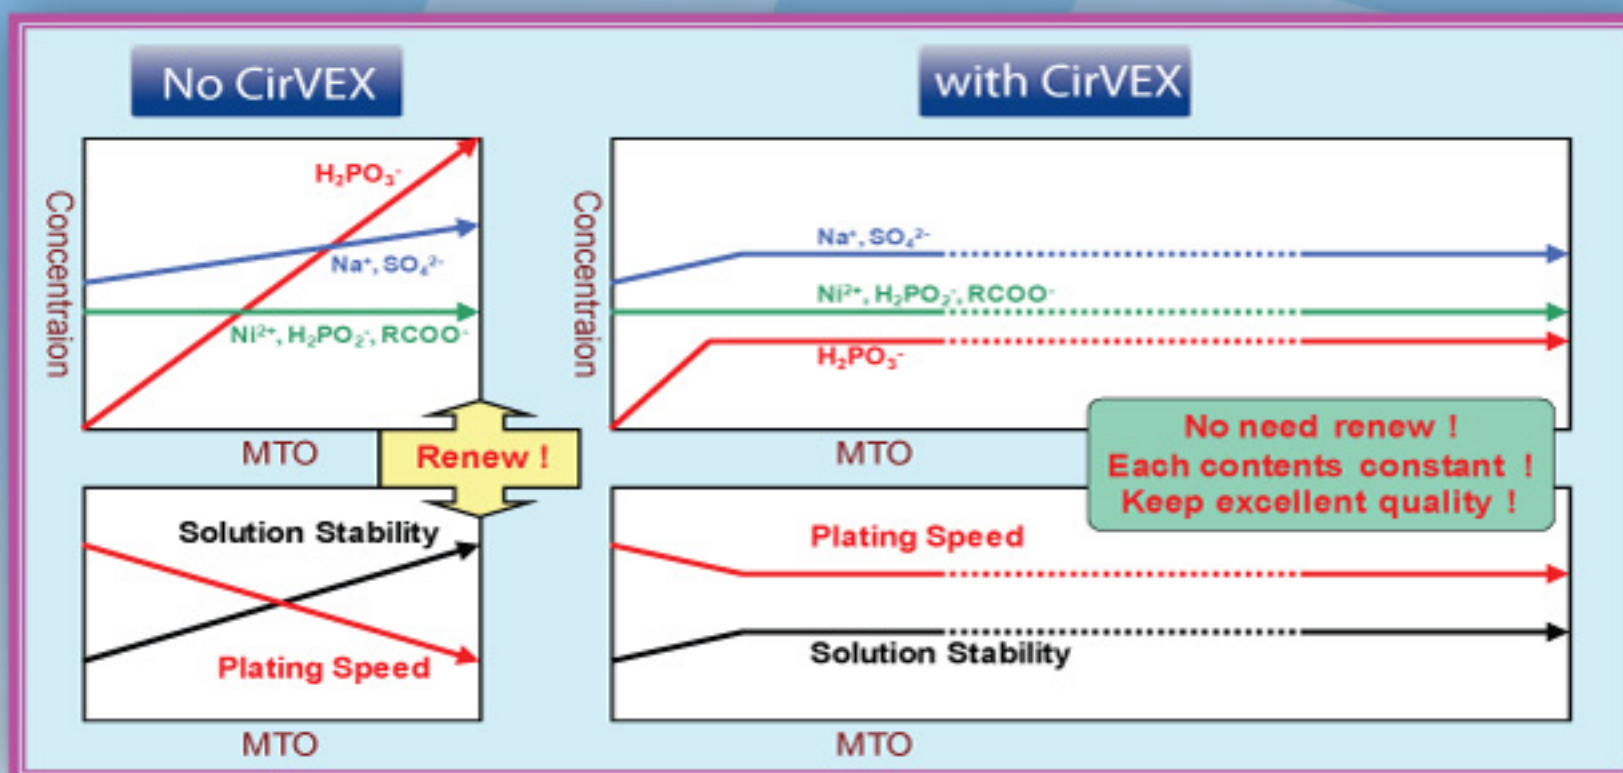

ReVEX : Innovative Nickel recycle from spent bath

- **High purity recycled nickel !**
- **Innovative method Solvent Extraction !**
- **Less extraction time 1/6 !**
- **Small and compact plant !**
- **Experience more than 2 years !**

CirVEX : Innovative Long bath life system by Electro-dialysis

- **High efficiency purifying method by two-step electro-dialysis !**
- **Constant plating quality by easy control !**
- **Less make-up and Less plating waste water !**
- **Experience more than 1 year !**
