

THAI PARKERIZING CO., LTD.

www.thaiparker.co.th

THAI PARKERIZING CO., LTD.

Thai Parkerizing is a leader in the surface and heat treatment industry. We provide a variety of products and services to apply on various metal surfaces, involved from metal sheet manufacturing processes to OEMs finish goods. We focus on the best quality and technology development to fulfill our customer's satisfaction.

CHEMICAL PRODUCTS

Conversion coating chemicals

- » Zinc phosphate
- » Zinc calcium phosphate
- » Manganese phosphate
- » Metal oxide
- » Trivalent chromium
- » Non-chromium
- » Stearate soap lubricant
- » Dry-in-place lubricant (PULS)

Rust preventive products

NOX RUST (Rust preventive oil/wax)

- » Solvent base type
- » Wax base type
- » Water base type

PIPAK (Volatile Corrosion Inhibitor Film)

Desiccant

- » Misson dry
- » Kalahari Dry

Rolling oil

Coolant for cold rolled steel process

- » Lubricity
- » High rolling speed

Other treatment products

- » Degreasing and cleaning chemicals
- » Hydrophilic coating on evaporator/condenser
- » Coil coating on galvanized steel
- » Short-term rust preventive chemicals
- » Paint remover, Paint killer, Film guard, Paint Cleaning Agent (PCA)

Chemical Controller

An automatic chemical analysis and replenishing control system.

- » Real-time/online monitoring
- » Automatic data collection
- » Traceability system
- » Help in control quality, cost, operation, and safety

PLATECOIL

Heat and cool exchanger, highly durable and light weight, easy to install, move and clean.

- » Dipping type
- » Clamp-on type
- » Vessel type
- » Drum Warmer type

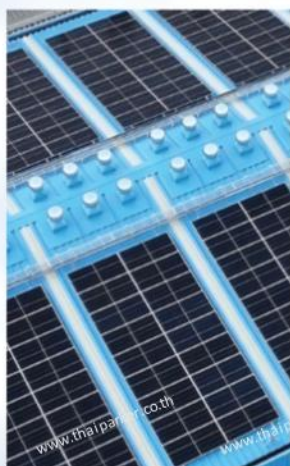

Original Equipment Manufacturer (OEM)

One-stop service for creating your own brand of industrial oil and chemical products, manufactured under ISO9001 and ISO14001 standards.

- » Industrial oil
- » Chemical products

Solar cell

Auto rack

Container lifting robot

Automatic production system

TREATMENT SERVICES

Surface treatment

Phosphate treatment

- » Zinc phosphate
- » Manganese phosphate
- » Trivalent chromium
- » Stearate soap lubricant

Pallube treatment (Solid lubrication treatment)

- » Molybdenum disulfide
- » Polytetrafluoroethylene (PTFE)

Kanigen® (Electroless Nickel plating)

- » Ni-P alloy coating
- » Ni-P-B alloy coating
- » Ni coating with PTFE
- » Ni-Co-W-P alloy coating

Heat treatment

Gas heat treatment

- » Gas carburizing
- » Gas carbonitriding
- » Gas soft nitriding
- » Quenching and tempering

ISONITE® (Salt Bath Soft Nitriding)

- » Quench-Polish-Quench
- » Surface hardness/
Wear resistance
- » Corrosion resistance

DELTA-MKS® (Zinc Aluminium flakes coating)

- Low coating thickness with high corrosion protection
- » Dip-spin
 - » Hanging dip-spin
 - » Spray

Hydrophillic coating

- Coating on aluminium to increase corrosion resistance, and saving odor.
- » For evaporator
 - » For condenser

Powder painting

- A dry finishing process, protects against corrosion
- » Electrostatic powder painting
 - » PARKER IONICS: unique Pulse Power technology

Shot peening

- A cold-working process to produce surface deformation to improve
- » Residual compressive stress
 - » Fatigue resistance
 - » Delayed and retarder crack
 - » Stress corrosion failures

PVD (Physical Vapor Deposition)

- A thin film with high hardness
- » TIN
 - » TiAIN
 - » TiCN
 - » CrN
 - » DLC (Diamond Like Carbon)

LABORATORY SERVICES

Chemical analysis

- » Organic and inorganic analysis
- » Qualitative and quantitative analysis
- » Quenching oil analysis

Surface and metallurgical analysis

- » Microstructure and chemical composition
- » Mapping and depth profile analysis
- » Wear and friction test
- » Corrosion test and paint evaluation

Zinc phosphate standard panel

- » Verify corrosion and paint evaluation

NSC-TISI-TIS 17025
Testing 0236 and 0626

Environment analysis

- » Hazardous substance analysis
- » Waste water analysis

THAI PARKERIZING

CHEMICAL PRODUCTS & SERVICE

HEAT & SURFACE TREATMENT SERVICES

THAI PARKER TECHNICAL CENTER

HEAD OFFICE

THAI PARKER TECHNICAL CENTER

HEAT & SURFACE TREATMENT FACTORY

570 Moo 4, Bangpoo Industrial Estate,
Soi 12B, Sukhumvit Rd., Prakasa,
Muang, Samutprakarn 10280
Tel. 0-2324-6600 Fax. 0-2324-6651

CHEMICAL FACTORY

619 Moo 4, Bangpoo Industrial Estate,
Soi 8A, Sukhumvit Rd., Prakasa,
Muang, Samutprakarn 10280
Tel. 0-2324-6600 Fax. 0-2324-6651

HEAT & SURFACE TREATMENT FACTORY

500/19 Moo 3,
WHA Eastern Seaboard Industrial Estate 1,
Tasit, Pluak Daeng, Rayong 21140
Tel. 0-3365-8800 Fax. 0-3365-8883

HEAT TREATMENT FACTORY

188 Moo 7, Gateway City Industrial Estate,
Hua-Samrong Sub District,
Plaeng Yao District, Chachoengsao 24190
Tel. 0-3857-5187-9 Fax. 0-3857-5190
